Nationwide Wash Systems Appointed by PDQ Manufacturing As Equipment Distributor for Minnesota

De Pere, WI (April 15, 2009) – PDQ Manufacturing, Inc., the world’s largest manufacturer of touch-free vehicle wash systems, has appointed Nationwide Wash Systems, Inc., as an additional non-exclusive distributor serving the Minnesota market. Based in Eden Prairie, MN, Nationwide will distribute and service PDQ’s LaserWash® and Tandem® RiteTouch in-bay automatic vehicle wash systems and ACCESS® payment equipment.

"We could not be more pleased about our alliance with PDQ Manufacturing to professionally and effectively promote and service their in-bay automatic rollover vehicle wash equipment in Minnesota," said Valerie Kreager, President of Nationwide Wash Systems. "Nationwide takes great pride in the reputation we have built in this market since 1979 by always focusing our efforts on the best solutions for our valued customers. We have no doubt, after extensive research and listening to the voices of our customers, that PDQ offers what both customers and end-users desire in features and benefits of their systems, and equally important, the most innovative and user/maintenance-friendly solutions available in the industry today. We have a great respect for the integrity and professionalism of the management and field operations of PDQ Manufacturing, and their focus on the independent marketers' success, which has proven to be equally as much of a priority to PDQ as their major (multiple-site) account business. Nationwide's existing customers should rest assured that Nationwide will continue to provide the same level of quality service to all of our accounts, regardless of the equipment brand they currently have installed. The voice of the customers is indeed what drives the market and we have listened." Nationwide Wash Systems can be reached at (952) 829-0515 or www.nationwidewash.com.

Commenting on the appointment, PDQ’s Vice President of North American Sales, Dave Wingert said, "The Minnesota market is important to PDQ and we’re excited to have Nationwide Wash Systems on board as a distributor as we look to grow this market. With the strong customer-service level employed by Nationwide Wash Systems, we’re looking forward to the possibilities this partnership can provide our customers in the future."

About PDQ

PDQ Manufacturing is recognized as the technological leader in vehicle wash systems, providing superior quality, outstanding support, and products that contribute to our customers’ profitability. Brands include LaserWash® In-Bay Automatics, MaxAir™ Dryers, Access® Customer Management Systems, Tandem® RiteTouch Vehicle Wash Systems and WashTools Conveyorized Tunnel Systems.
