Advanced Car Wash Systems and PDQ Manufacturing are renewing their partnership that had previously been established in the 1990s. Based in Marietta, GA, Advanced Car Wash Systems will distribute and service PDQ’s full line of vehicle wash systems and equipment, including the LaserWash® and Tandem® RiteTouch in-bay automatic wash systems, MaxAir™ drying systems and Access® customer management and entry systems.

“We renewed our relationship with PDQ in the last three or four months and made the decision to come back on board,” said Robert Ramsdell, President of Advanced Car Wash Systems. “I think it will be a very positive thing for both PDQ and our company.”

Advanced Car Wash Systems is the largest car-wash supplier in the Southeast and, as such, distributes, supplies and services commercial car washes for a wide range of customers.
