PDQ Manufacturing Names Gerry Hanrahan Senior Vice President of Sales

New hire moves from fellow Dover Corporation company OPW Fuel Management Systems

De Pere, WI (February 10, 2010) – PDQ Manufacturing, Inc., the world's largest manufacturer of touch-free vehicle wash systems, has announced that Gerry Hanrahan has joined the company as its new Senior Vice President of Sales. In this role, Hanrahan will report directly to PDQ President Mike Savignac.

Hanrahan joins PDQ after spending the last six-and-a-half years at OPW Fuel Management Systems (Petro Vend), Hodgkins, IL, most recently as its National Sales and Marketing Manager. Prior to joining OPW FMS, Hanrahan spent five years at OPW Fueling Component's Canadian unit, rising to the position of General Manager before moving to FMS. All three companies are part of the New York-based Dover Corporation, which goes to great lengths to leverage the synergies between its companies in order to create additional customer value.

"I am very excited about adding Gerry to our team at PDQ. His background in the petroleum and convenience marketplace and overall global knowledge will further assist PDQ in numerous ways," said Savignac. "Gerry's experience and the skills of the rest of his sales team are an exciting combination."

Hanrahan earned a Bachelor of Commerce degree from St. Mary's University and a Master of Business Administration from the University of Tennessee.
