

LASERWASH® 360

PDQ... Vehicle Cleaning Doesn't Get Any Better Than This!

“Not only does our LaserWash® 360 provide our customers with a great wash each and every time, but it also provides us with complete peace-of-mind because it is so reliable. It has definitely had a major impact of helping us retain our customers and keep them happy!”

Keith Mankovecky

Keith Mankovecky,
VP of Fixed Operations
Holiday Automotive
Fond du Lac, WI

The PDQ LaserWash® 360 offers auto dealers a touch-free vehicle wash system that is fast, cost effective and easy to operate.

- Lower water & chemical consumption for cost effective cleaning
- Accommodates all production vehicles, including large SUVs and dually trucks
- Faster wash cycles to improve vehicle throughput
- Enhanced arch control for complete chemical coverage
- Open wash bay – overhead design with no floor activation device
- Local service and support for maximum uptime
